ABOUT ME

24, curious, and never quite standing still. I'm into data science, numbers, and tech — but also surfing, music, and good food. I've lived across Europe, worked on diverse projects, and met people who've taught me a lot along the way. Now I'm ready to take what I know abroad, keep learning, and contribute to work that actually matters — ideally with great people around.

- PROFESSIONAL EXPERIENCE
- Financial Service Consultant Intern | Oct 2024 – May 2025

KPMG Spain

 - Supported the validation of credit risk models for a Tier 1 European bank, focusing on regulatory compliance and methodological soundness.
 - Contributed to the assessment of model documentation, assumptions, and performance through benchmarking and backtesting.
 - Assisted in drafting validation reports and audit documentation aligned with ECB and internal governance standards.

Bartender | Dec 2023 – Jun 2024

Victoria Hotel, Galway

 - Developed strong communication and management skills in a fast-paced, multicultural environment alongside full-time academic studies abroad.

Business Analyst Intern | Jun 2022 – Aug 2023

Fundación Casa de México en España

 - Contributed to business research, trade promotion, and the coordination of bilateral initiatives between Spain and Mexico.

- EDUCATION
- Universidad de Navarra | 2024–2025

Master's Degree in Big Data Science

 - In depth degree in data science, machine learning, deep learning, cloud technologies, and model deployment, including Python, SQL, or AWS.

Galway Business School | 2023–2024

Bachelor Degree in Business

Cesur Madrid | 2021–2023

Marketing & Advertisement Higher Certificate
